Care

At Community Integrated Care we believe that age or social need should not be a barrier to living a full, happy and active life. However, we understand that sometimes you may find yourself requiring some additional support to help you to maintain the lifestyle and independence you cherish. This is where our Extra Care Services can be the perfect solution.

Our Extra Care Services

Working with housing associations and local authorities, we provide care and support in purpose-built accommodation for older people, offering a home-from-home environment, with support on-hand when needed.

As an alternative to the traditional forms of housing available to older people, Extra Care offers a unique and flexible balance of independence, choice and control. It combines the security and privacy of living in your own home, with the peace of mind of living in a safe and secure communal environment, with support on hand 24-hours a day.

Your Accommodation

As a tenant in an Extra Care housing scheme, you will have your own flat and your own keys to come and go as you please. Your apartment will have its own fully-fitted kitchen, as well as en-suite bathroom facilities. You will enjoy complete independence and control over your lifestyle but you will be safe in the knowledge that help is at hand, as and when you need it.
