

# How to use your Badges & Backgrounds

## Using your Yammer and Social Media Badges

Shout about our birthday, loud and proud, on your social media channels and on Yammer.

Tell the world what makes you most proud to work at Community Integrated Care. Add your chosen Best Lives at 35 badge to your social post or Yammer post and use the hashtag **#BestLivesAt35**.

Don't forget to tag us in too, on Twitter, Facebook and Instagram:

**@ComIntCare**

**Community Integrated Care**

**@CommunityIntegratedCare**

## Using Your Microsoft Teams Background

1. Save the Teams background to your desktop.
2. When in a Microsoft Teams video call, click the three little dots at the top next to the camera button.
3. Click 'Video effects'.
4. Under the 'backgrounds' tab, click 'Add new' at the top.
5. Select the Teams background from your desktop.
6. Then, click 'Apply'. The text might appear flipped for you, but don't worry, the others on the meeting will see the text normally!
